

May 31, 2014

Dear Parents,

Your child has made awesome progress in speech this year! We have loved working with them and look forward to seeing them next year!

We have enclosed a packet of summer activities tailored to your child's articulation goals. Included will be calendars of speech activities for all three summer months. Please work with your child on these activities to help them maintain their good speech skills over the summer.

We know that summer is a busy time for families but we are asking that you practice with them at least **3 times a week**. Please have your child color the square for each day that they are able to practice. Your participation in these activities will greatly benefit your child and help to speed up the remediation process.

We are offering incentives to your child to motivate them to participate in summer homework. If your child is able to complete the packet (at least 3 days a week every week) they will be rewarded with a treat at the beginning of the school year. Please return the packet (with the squares colored for each day they practiced,), at the beginning of the school year, so that we will be able to see if they completed the homework assignment. If you have any questions please feel free to email me over the summer at (Include your email address).

Thanks for all you do!

Speech Language Pathologist
