

# Back Pocket Monsters Inferencing

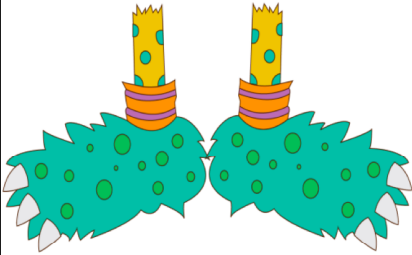

Materials: Print, cut and laminate all materials. Print the optional back of cards so students can't see through the cards

Game Directions: These friendly monsters live in little boys pockets! Help the monsters hide in their pockets without getting busted by a boy! Students take turns drawing turns drawing and reading cards. If they draw a kid card they have been busted and must give back all their monster cards. The student with the most monsters in their pocket wins the game.
