

Fishy Following Directions

By: Maureen Wilson, MS, CCC-SLP
The Speech Bubble: <http://thespeechbubbleslp.blogspot.com>
Clipart by: JW Illustrations

How to Play

- Laminate materials and cut cards.
- Give each student a fish bowl mat. There are enough mats for 4 students.
- Shuffle all cards together or put into a bowl for students to choose from. If a student chooses a direction card, have them hand it to you to read the direction. If the student completes the direction correctly they may keep the card. If not, have them place it into the middle of the table.
- If a student draws a fish card they may add it to their mat. The first student to collect one of each fish on their mat wins.

Touch your nose

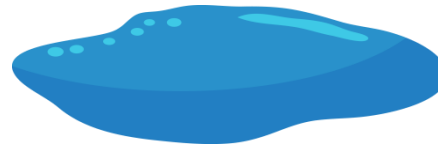

The Speech Bubble

Say your name

The Speech Bubble

Touch your ear

The Speech Bubble

Tap the table

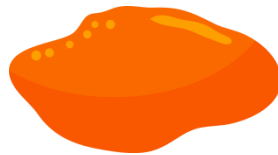

The Speech Bubble

Touch the wall

The Speech Bubble
